FLEXIBLE TILES

Gone are the days when tiles were made of superficial and hard materials. We bring to you an array of flexible tiles that are made of soft clay materials, giving it the most earthy and natural texture and aura. It is not only light weight but also anti-bending and crack-free, keeping your floors flawless for the longest time. This unique, quintessential and unconventional range of tiles are made of raw materials that ensure quality and perfection. The range includes travertine slate, marble, granite and much more.

Our flexible body tiles are ideal for interior and exterior, enabling you to revamp your style, inside out!
